Parent Questionnaire

Thank you to all parents and carers who took the time to complete our Spring 2026 questionnaire. Please find below some of the lovely feedback we received.

"What do Park Hill Infant School do well?"

"Communication with the parents"

"Communication, keeping children happy engaged and enthusiastic about school"

"Great communication from the school and I feel involved and informed. My sons teachers are incredible and I'm so pleased with my child's progress. The staff in general are so friendly and approachable. I was a bit nervous starting school but everyone has been wonderful."

"Park Hill School's management rightly supports my child to build his overall character. They bring the right balance and give students as wells as the parents the needful platform to speak up and learn gradually in a process oriented manner. Special shout out to Mr. Blackburn and Miss Hulet and everyone behind the scenes, who has been really supportive in my child's overall development so far through this academic year."

"Park Hill Infant School communicates very well with parents, and information is always shared in a timely and clear manner. I particularly appreciate the use of the Evidence Me app for my son's class, as it gives a lovely insight into my son's day and helps me stay informed about what he is learning and experiencing at school. I also value the fact that my son brings work home weekly, which allows us to see his progress, and that he always has a reading book to take home. The reading record encourages regular reading at home and helps strengthen the link between school and home learning."

"The teachers are caring and supportive. My child feels happy at school."

"Plenty of educational activities. The school also teaches and emphasises daily great values to the children, which they deeply internalise and display on day to day life."

"Senior leadership team are second to none. Mind boggles how they manage to run such a big ship with minimum resources."

Parent Questionnaire

Please find below some more of the lovely feedback we received.

"What is it like to be a parent at Park Hill Infant School?"

I'm very happy with the school and could see how my daughter is transforming into a responsible, caring and supportive person in every aspect. I should definitely mention she is very happy with the school and always look forward to going back to school.

"Parents are listened to, heard, and respected at Park Hill Infant School."

"Feels supportive and reassuring, with friendly staff, good communication, and a strong focus on children's happiness and development."

"Being a parent at PHIS is a lovely experience. The school has a strong sense of community and creates a welcoming environment for families. It is very inclusive and celebrates diversity, which makes both children and parents feel valued, respected, and supported."

"I feel helped with my son's special needs"

"I am comforted knowing my child is in a safe environment."

"I am well informed about my child's progress at school."

"Being a parent at Park Hill infant schools means having peace of mind knowing my child attends a great school, where teachers really care about children. It means that we are always up to date with all the activities going on, and we are notified ahead of time, which allows us to plan life effectively."

"I am satisfied that my child is happy, safe and has supportive environment."

"Being a PHIS parent means feeling that our child is safe and always happy and wants to go to school."
