

Wednesday 16<sup>th</sup> October 2020

Dear Parent/Carer,

The Health and Safety Executive (HSE) has been making spot checks to schools throughout the country to ensure that their health and safety procedures in relation to COVID-19 are robust, effective and keep pupils, staff and all site users safe.

When they contacted our school, we were asked to answer questions in relation to several aspects of our COVID-19 procedures including but not limited to: social distancing, enhanced cleaning provision, DfE guidance, actions to take if a positive case is confirmed, handwashing and hand sanitisation.

I am pleased to inform you that Park Hill Infant School has completely satisfied the HSE's queries and they stated that no further action needed to be taken.

I hope that this, in addition to the risk assessment found on our website increases your confidence that we, as a school are doing all we can to ensure that all members of our school community are kept safe and healthy.

I would like to thank you in advance for your co-operation in getting your child or members of your family tested for COVID-19 as soon as symptoms, however mild or brief, appear.

Yours sincerely,

Ms J Charman  
Headteacher
