Equality Statement for Park Hill Infant School

At Park Hill Infant School, we continue to teach our children about what it means to be strong, positive and productive members of society. We have always taught our pupils about equality and this remains an important part of our curriculum. We ensure that we always celebrate diversity, promote equality, demonstrate respect and stand together to challenge all forms of discriminatory language and behaviour.

We recognise that education is a vital tool for powerful, permanent and informative change. Our continuously evolving curriculum demonstrates our determination to use education to tackle issues of racism and inequality. We strive to ensure our curriculum and supporting resources reflect values of inclusivity, diversity, equality and belonging. We do this by planning to meet the needs of all genders, of children with special educational needs, of children who are more-able, / gifted and talented, of children with disabilities, of children from all socio-economic backgrounds, children from different ethnic groups, religion and cultural backgrounds, and of those from diverse linguistic backgrounds.

1. PURPOSE

The Purpose of this policy is to regulate the management, operation and use of the CCTV system (Closed Circuit Television) at Park Hill Infant School, hereafter referred to as 'the School'.

CCTV systems are installed (externally) in premises for the purpose of enhancing security of the building and its associated equipment as well as creating a mindfulness among the occupants, at any one time, that a surveillance security system is in operation within and/or in the external environs of the premises during both the daylight and night hours each day. CCTV surveillance at the School is intended for the purposes of:

- protecting the School buildings and school assets, both during and after school hours;
- promoting the health and safety of staff, pupils and visitors;
- monitoring pupil behaviour and preventing bullying;
- reducing the incidence of crime and anti-social behaviour (including theft and vandalism);
- supporting the police in a bid to deter and detect crime;
- assisting in identifying, apprehending and prosecuting offenders;
- aiding in the safeguarding of staff, pupils and visitors
- ensuring that the school rules are respected so that the School can be properly managed

The system does not have sound recording capability.

The CCTV system is owned and operated by the School, the deployment of which is determined by the School's leadership team.

The introduction of, or changes to, CCTV monitoring will be subject to consultation with staff and members of the School community.

All authorised operators and employees with access to images are aware of the procedures that need to be followed when accessing the recorded images. All employees are aware of the restrictions in relation to, access to, and disclosure of recorded images.

2. SCOPE

This policy relates directly to the location and use of CCTV and the monitoring, recording and subsequent use of such recorded material. The School complies with the Information Commissioner's Office (ICO) CCTV Code of Practice to ensure it is used responsibly and safeguards both trust and confidence in its use.

The Code of Practice is published at: <https://ico.org.uk/media/1542/cctv-code-of-practice.pdf>

CCTV warning signs will be clearly and prominently placed at various locations around the School. Signs will contain details of the purpose for using CCTV (see Appendix A). In areas where CCTV is used, the School will ensure that there are prominent signs placed within the controlled area.

The planning and design have endeavoured to ensure that the system will give maximum effectiveness and efficiency, but it is not guaranteed that the system will cover or detect every single incident taking place in the areas of coverage.

CCTV monitoring of public areas for security purposes will be conducted in a manner consistent with all existing policies adopted by the School, including the provisions set down in equality and other educational and related legislation. This includes, but is not limited to, the following policies:

- Equalities Policy;

- Code of Conduct;
- Disciplinary Procedures
- GDPR, FOI and Data Protection Policy;
- Grievance Policy
- Peer on Peer Abuse Policy;
- Safeguarding Policy and Child Protection Policy;
- Self-Regulation – Promoting Positive Behaviour Policy.

This policy prohibits monitoring based on the characteristics and classifications contained in equality and other related legislation e.g. race, gender, sexual orientation, national origin, disability etc.

Video monitoring of public areas for security purposes within school premises is limited to uses that do not violate the individual's reasonable expectation to privacy.

All CCTV systems and associated equipment will be required to be compliant with this policy following its adoption by the School. Recognisable images captured by CCTV systems are 'personal data'. They are therefore subject to the provisions of the General Data Protection Regulation and Data Protection Act 2018.

3. LOCATION OF CAMERAS

The cameras are sited so that they only capture images relevant to the purposes for which they have been installed (as described above), and care will be taken to ensure that reasonable privacy expectations are not violated. The School will ensure that the location of equipment is carefully considered to ensure that the images captured comply with the legislation.

The School will make every effort to position the cameras so that their coverage is restricted to the School premises. Cameras are only situated in outside areas.

CCTV will not be used in classrooms. Members of staff will have access to details of where CCTV cameras are situated.

Location of cameras:

1. Cotelands Top Gate Entrance
2. Reception outside playground
3. Reception trim trail
4. School front entrance/ bikes stands
5. DEACTIVATED (between school gate and junior school)
6. DEACTIVATED (by outside Pond area)
7. Main School playground (KS1)
8. Staff Car Park
9. Staff Car Park Gate (Stanhope Road)
10. Main School playground (KS1)
11. Cotelands Main Gate Entrance

CCTV Video Monitoring and Recording of Public Areas may include the following:

- **Protection of school buildings and property:** The building's perimeter, entrances and exits, lobbies and corridors, special storage areas, cashier locations, receiving areas for goods/services
- **Monitoring of Access Control Systems:** Monitor and record restricted access areas at entrances to buildings and other areas
- **Verification of Security Alarms:** Intrusion alarms, exit door controls, external alarms
- **Video Patrol of Public Areas:** Parking areas, Main entrance/exit gates, Traffic Control
- **Criminal Investigations (carried out by the police):** Robbery, burglary and theft surveillance

4. COVERT MONITORING

The School retains the right in exceptional circumstances to set up covert monitoring. For example:

- Where there is good cause to suspect that an illegal or serious unauthorised action(s), is taking place, or where there are grounds to suspect serious misconduct;
- Where notifying the individuals about the monitoring would seriously prejudice the reason for making the recording.

In these circumstances, authorisation must be obtained beforehand from the Headteacher and Chair of Governors. Covert Monitoring will never be used to observe or assess a member of staff's professional performance, or to contribute to capability proceedings. Covert Monitoring will cease following completion of an investigation.

There are no CCTV cameras cited inside of the school building. Cameras sited for the purpose of covert monitoring will not be used in areas which are reasonably expected to be private, for example, toilets.

5. STORAGE AND RETENTION OF CCTV IMAGES

Recorded data will not be retained for longer than 70 days except where the image identifies an issue and is retained specifically in the context of an investigation/prosecution of that issue.

Where data is retained for longer than 70 days, an electronic file held on a secure central server where specific CCTV image/recordings are retained will be kept. The Data Protection Act and GDPR does not prescribe any specific minimum or maximum retention periods that apply to all systems or footage. Therefore, retention will reflect the School's purposes for recording information, and how long it is needed to achieve this purpose.

The School will store data securely at all times.

6. ACCESS TO CCTV IMAGES

Access to recorded images will be restricted to the staff authorised to view them and will not be made widely available. Supervising the access and maintenance of the CCTV System is the responsibility of the Headteacher. The Headteacher may delegate the administration of the CCTV System to another staff member. When CCTV recordings are being viewed, access will be limited to authorised individuals on a need-to-know basis.

7. SUBJECT ACCESS REQUESTS

- Individuals have the right to request CCTV footage relating to themselves under the Data Protection Act and the GDPR
- All requests should be made in writing to the Data Protection Officer (South Croydon Cluster GDPR Services) via the Data Protection Compliance Officer who can be contacted by email at scroucher4.306@lgflmail.org
- Individuals submitting requests for access will be asked to provide sufficient information to enable footage relating to them to be identified. For example: time, date and location
- The School does not have a facility to provide copies of CCTV footage but instead the applicant may view the CCTV footage if available
- The School will respond to requests within 30 days of receiving the request but if a request is received outside of the School term this may not be possible
- The School reserves the right to refuse access to CCTV footage where this would prejudice the legal rights of other individuals or jeopardise an on-going investigation

8. ACCESS AND DISCLOSURE OF IMAGES TO THIRD PARTIES

- There will be no disclosure of recorded data to third parties other than authorised personnel such as the Police and service providers to the School where these would reasonable need access to the data (e.g. investigators)
- If an order is granted by a Court for disclosure of CCTV images, then this should be complied with. However, very careful consideration must be given to exactly what the Court order requires. If there are any concerns as to disclosure, then the Data Protection Officer (South Croydon Cluster GDPR Services) should be contacted in the first instance and appropriate legal advice may be required
- Requests for images should be made in writing to the Data Protection Compliance Officer who can be contacted by email at scroucher4.306@lgflmail.org
- The data may be used within the School's discipline and grievance procedures as required and will be subject to the usual confidentiality requirements of those procedures

9. RESPONSIBILITIES

The Headteacher will:

- Ensure that the use of CCTV systems is implemented in accordance with this policy;
- Oversee and co-ordinate the use of CCTV monitoring for safety and security purposes within the School;
- Ensure that all existing CCTV monitoring systems will be evaluated for compliance with this policy;
- Ensure that the CCTV monitoring is consistent with the highest standards and protections;
- Review camera locations and be responsible for the release of any information or recorded CCTV materials stored in compliance with this policy;

- Maintain a record of access (e.g. an access log) to or the release of tapes or any material recorded or stored in the system;
- Ensure that the perimeter of view from fixed location cameras conforms to this policy;
- Give consideration to any feedback/complaints regarding the location of a particular CCTV camera or associated equipment;
- Ensure that all areas being monitored are not in breach of an enhanced expectation of the privacy of individuals within the School and be mindful that no such infringement is likely to take place;
- Ensure that cameras are non-intrusive in terms of their positions and views of neighbouring residential housing and comply with the principle of “Reasonable Expectation of Privacy”;
- Ensure that digital recordings are stored on a secure server with access by authorised personnel only;
- Ensure that images recorded on digital recordings are stored for a period not longer than 70 days and are then erased unless required as part of a criminal investigation or court proceedings (criminal or civil) or other bona fide use as approved by the Headteacher;
- Ensure that when a zoom facility on a camera is being used, there is a second person present with the operator of the camera to guarantee that there is no unwarranted invasion of privacy;
- Ensure that camera control is solely to monitor suspicious behaviour, criminal damage etc. and not to monitor individual characteristics;
- Ensure that camera control is not infringing an individual’s reasonable expectation of privacy in public areas.

10. DATA PROTECTION IMPACT ASSESSMENTS AND PRIVACY BY DESIGN

CCTV has the potential to be privacy intrusive. The School will perform a Data Protection Impact Assessment when installing or moving CCTV cameras to consider the privacy issues involved with using new surveillance systems to ensure that the use is necessary and proportionate and address a pressing need identified.

11. POLICY REVIEW

This policy will be reviewed every three years by the SBM and the Headteacher. At every review, it will be approved by the Governing Body. The policy will be reviewed earlier if needed. The next scheduled review date for this policy is January 2025. In addition, changes to legislation, national guidance, codes of practice or commissioner advice may trigger interim review

APPENDIX 1 – CCTV SIGNAGE

It is a requirement of the Data Protection Act to notify people entering a CCTV protected area that the area is monitored by CCTV and that pictures are recorded. The School is to ensure that this requirement is fulfilled. The CCTV sign should include the following:

- That the area is covered by CCTV surveillance and pictures are recorded
- The purposes of using CCTV
- The name of the School
- The contact telephone number or address for enquiries

Example Sign

WARNING

CCTV cameras in operation

Images are being monitored and recorded for the purpose of crime-prevention, the prevention of anti-social behaviour, the prevention of bullying, for the safety of our staff and students and for the protection of the School and its property. This system will be in operation 24 hours a day, every day. These images may be passed to the police. This scheme is controlled by the School
