Equality Statement

At Park Hill Infant School, we continue to teach our children about what it means to be strong, positive and productive members of society. We have always taught our pupils about equality and this remains an important part of our curriculum. We ensure that we always celebrate diversity, promote equality, demonstrate respect and stand together to challenge all forms of discriminatory language and behaviour.

We recognise that education is a vital tool for powerful, permanent and informative change. Our continuously evolving curriculum demonstrates our determination to use education to tackle issues of racism and inequality. We strive to ensure our curriculum and supporting resources reflect values of inclusivity, diversity, equality and belonging. We do this by planning to meet the needs of all genders, of children with special educational needs, of children who are more able, of children with disabilities, of children from all socio-economic backgrounds, children from different ethnic groups, religion and cultural backgrounds, and of those from diverse linguistic backgrounds.

1. Context

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

2. PSHE

At Park Hill Infant School, we teach Personal, Social, Health and Economic Education as a whole-school approach to underpin children’s development as people. Our PSHE Education curriculum aims to help children understand how they are developing personally and socially, and tackles many of the moral, social and cultural issues that are part of growing up. We develop pupil’s self-awareness, social skills, motivation, empathy and the ability to manage their feelings in order for all pupils to collaborate effectively, express themselves and reflect on their own decisions and actions. We feel that these skills will enhance their emotional intelligence and success in later life.

Our PSHE curriculum enables our children to be healthy, independent and responsible members of society and supports young children as they begin to develop an understanding of money and careers as a vital part of preparing them for later life. We encourage pupils to become reflective members of the school community and to have an understanding of what makes people different and equal. We promote tolerance and understanding of all cultures, preparing them for life in Modern Britain.

This also supports the “Personal Development” and “Behaviour and Attitude” aspects required under the Ofsted Inspection Framework, as well as significantly contributing to the school’s Safeguarding and Equality Duties, the Government’s British Values agenda and the SMSC (Spiritual, Moral, Social, Cultural) development opportunities provided for our children.

2.1 What do we teach when and who teaches it?

We use the Jigsaw; Mindful Approach to PSHE Programme by Jan Lever which is aligned to the PSHE Association Programmes of Study for PSHE. The programme teaches children and young people emotional literacy, social- and lifelong skills and resilience in an age-appropriate manner. Jigsaw covers all areas of PSHE for the primary phase including the statutory aspects of Relationships and Health Education. There is a strong emphasis on emotional literacy and nurturing mental health as the necessary underpinnings for learning with a unique mindfulness approach in every session and throughout. This approach enables children to identify their feelings and emotions and regulate their own behaviour from the start.

Jigsaw is broken into half-termly units of work known as ‘puzzle pieces’ which connect Personal, Social, Health and Well-Being Education. The table below gives the learning theme of each of the six puzzle pieces/units and these are taught across the school, with the learning theme deepening and broadening each year. The full overview of this programme can be seen on the school website.

| Term | Puzzle (Unit) | Content |
|------------------|------------------------|--|
| Autumn 1: | Being Me in My World | Includes understanding my own identity and how I fit well in the class, school and global community. Jigsaw Charter established. |
| Autumn 2: | Celebrating Difference | Includes anti-bullying (cyber and homophobic bullying included) and understanding |
| Spring 1: | Dreams and Goals | Includes goal-setting, aspirations, who do I want to become and what would I like to do for work and to contribute to society |

| | | |
|------------------|---------------|--|
| Spring 2: | Healthy Me | Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise |
| Summer 1: | Relationships | Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss |
| Summer 2: | Changing Me | Includes Relationships Education in the context of coping positively with change |

At Park Hill Infant School we allocate at least one learning session to PSHE each week in order to teach the Jigsaw PSHE knowledge and skills in a developmental and age-appropriate way. Class teachers deliver the weekly lessons to their own classes. These explicit lessons are also reinforced and enhanced in many ways, including through weekly assemblies and collective worship and through cross curricular links with other subjects (for example there may be links planned around the theme of 'anti-bullying' in a chosen story within an English session, or links to economic education when learning about money in a Maths session).

2.2 Progression within the PSHE Curriculum

The Jigsaw programme offers a comprehensive, carefully thought-through scheme of work which brings consistency and progression to our children's learning across the areas of PSHE. The 'puzzle pieces' are organised into half termly units and these are revisited each year following a spiral curriculum model where each revisit to a puzzle piece addresses the subject matter at a deeper level.

2.3 Guidance to inform policy

The Jigsaw programme's complimentary updates ensure that we are always using the most up to date teaching materials and that our teachers are well-supported.

Our PSHE policy is informed by existing DfE guidance including:

- [Keeping Children Safe in Education 2022](#) (statutory guidance)
- [Relationships Education, Relationships and Sex Education \(RSE\) and Health Education](#) Statutory guidance for governing bodies, proprietors, head teachers, principals, senior leadership teams, teachers
- [Citizenship programmes of study: key stages 1 and 2](#) (Non-statutory Guidance about teaching citizenship in England DfE 2015)
- [Respectful School Communities: Self Review and Signposting Tool](#) (a tool to support a whole school approach that promotes respect and discipline)
- [Behaviour and Discipline in Schools](#) (advice for schools, including advice for appropriate behaviour between pupils)
- [Equality Act 2010](#)
- [SEND code of practice: 0 to 25 years](#) (statutory guidance)
- [Alternative Provision](#) (statutory guidance)
- [Mental Health and Behaviour in Schools](#) (advice for schools)
- [Preventing and Tackling Bullying](#) (advice for schools, including advice on cyberbullying)
- [Sexual violence and sexual harassment between children in schools](#) (advice for schools)
- [The Equality and Human Rights Commission Advice and Guidance](#) (provides advice on avoiding discrimination in a variety of educational contexts)
- [Promoting Fundamental British Values as part of SMSC in schools](#) (guidance for maintained schools on promoting basic important British values as part of pupils' spiritual, moral, social and cultural (SMSC))
- [SMSC requirements for independent schools](#) (guidance for independent schools on how they should support pupils' spiritual, moral, social and cultural development).

2.4 Statutory Relationships and Health Education

As a maintained Infant School, we must provide relationships education to all pupils as per section 34 of the Children and Social work act 2017. (Please see separate Relationship and Sex Education Policy).

“Schools are free to determine how to deliver the content set out in the DfE guidance 2019 in the context of a broad and balanced curriculum. Effective teaching in these subjects will ensure that core knowledge is broken down into units of manageable size and communicated clearly to pupils, in a carefully sequenced way, within a planned programme of lessons.” (DfE Guidance p.8)

The DfE statutory guidance on Relationships Education details what children need to know by the time they leave primary school, this is separated into the categories: ‘Families and people who care for me’, ‘Caring friendships’, ‘Respectful relationships’, ‘Online relationships’, and ‘Being safe’.

Examples of the way the JIGSAW Programme and our broader curriculum areas cover the statutory guidance on Relationships Education are outlined and explained in **APPENDIX 1: PSHE (including RSE) Curriculum coverage at Park Hill Infant School.**

The Summer term ‘Relationships’ puzzle piece/unit in the Jigsaw programme covers the statutory Relationships Education content for KS1. Some of the outcomes are also taught elsewhere in Jigsaw e.g. the ‘Celebrating Difference’ puzzle piece helps children appreciate that there are many types of family and that each is important to the children involved. This holistic approach ensures the learning is reinforced through the year and across the curriculum.

2.5 Sex Education

We are *not required to provide sex education* but we do need to teach the elements of sex education contained in the statutory KS1 Science National Curriculum 2014. (DfE Guidance 2019 (p.23) ‘Sex Education is not compulsory in primary schools’. (p. 23)

The statutory objectives of the KS1 Science National Curriculum 2014 include learning the correct names for the main external body parts, learning about the human body as it grows from birth to old age and reproduction in some plants and animals (which could include human beings).

3. Health Education

What does the DfE statutory guidance on Health Education expect children to know by the time they leave primary school?

Health Education in primary schools will cover ‘Mental wellbeing’, ‘Internet safety and harms’, Physical health and fitness’, ‘Healthy eating’, ‘Drugs, alcohol and tobacco’, ‘Health and prevention’, ‘Basic First Aid’ and ‘Changing adolescent body’.

The Spring term ‘Healthy Me’ puzzle piece/unit in the Jigsaw Programme covers most of the statutory Health Education. Some of the outcomes for these aspects are also taught elsewhere in the Jigsaw programme (for example emotional and mental health is a focus for every session and the start of every lesson includes ‘Calm Me’ time.

4. Equality within PSHE

This policy informs the school’s Equalities Plan.

The DfE Guidance 2019 (p. 15) states:

“Schools should ensure that the needs of all pupils are appropriately met, and that all pupils understand the importance of equality and respect. Schools must ensure they comply with the relevant provisions of the Equality Act 2010 under which sexual orientation and gender reassignment are amongst the protected characteristics...”

At the point at which schools consider it appropriate to teach their pupils about LGBT (Lesbian, Gay, Bisexual, Transgender), they should ensure this content is fully integrated into their programmes of study for this area of the curriculum rather than delivered as a stand-alone unit or lesson. Schools are free to determine how they do this, and we expect all pupils to have been taught LGBT content at a timely point as part of this area of the curriculum”.

At Park Hill Infants School we promote respect for all and value every individual child and family.

5. Monitoring and Review

The Curriculum Committee of the governing body monitors this policy on an annual basis. This committee reports its findings and recommendations to the full governing body, as necessary, if the policy needs modification. The Curriculum Committee gives serious consideration to any comments from parents about the PSHE and RSE programme, and makes a record of all such comments. Governors scrutinise and ratify teaching materials to check they are in accordance with the school's ethos.

APPENDIX 1: PSHE (including RSE) Curriculum coverage at Park Hill Infant School

We have developed our PSHE (including RSE) curriculum following the **JIGSAW mindful approach to PSHE** taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an age appropriate manner so they are fully informed and do not seek answers online. All of the aspects from the statutory guidance are covered in lessons for each year group within the re-occurring

JIGSAW Puzzle pieces:

- Relationships
- Changing Me
- Celebrating Difference
- Being Me in My World
