

## General Data Protection Regulation Privacy Notice for Visitors

Under UK data protection law, individuals have a right to be informed about how our school uses any personal data that we hold about them. We comply with this right by providing 'privacy notices' (sometimes called 'fair processing notices') to individuals where we are processing their personal data.

This privacy notice explains how we collect, store and use personal data about visitors to the school.

We, Park Hill Infant School, are the 'data controller' for the purposes of UK data protection law. **Judicium Consulting Limited** are the Data Protection Officer. Their role is to oversee and monitor the role of the school's data protection procedures and to ensure they are compliant with the GDPR.

## **The lawful basis on which we process this information**

We only collect and use personal information about you when the law or our policies allow us to. Most commonly, we use it where we need to:

Less commonly, we may also use personal information about you where:

- You have given us consent to use it in a certain way

We collect and use personal data in order to meet legal requirements and legitimate interests set out in the General Data Protection Regulations (GDPR) and UK Law, including those in relation to the following:

Some of the reasons listed above for collecting and using personal information about you overlap, and there may be several grounds which justify the school's use of your data.

## **Collecting this information**

Whilst the majority of data you provide to us is mandatory, some of it is provided to us on a voluntary basis. In order to comply with the data protection legislation, we will inform you whether you are required to provide certain school workforce information to us or if you have a choice in this.

Where you have provided us with consent to use your data, you may withdraw this consent at any time. We will make this clear when requesting your consent, and explain how you would go about withdrawing consent if you wish to do so.

## **Storing this information**

We keep personal information about you while you are visiting our school. We may also keep it beyond your visit with our school if this is necessary in line with the school's Document Retention Policy and GDPR and Data Protection Policy. Our Document Retention Policy and GDPR and Data Protection Policy are available upon request from the school office and sets out how long we keep information about visitors.

In accordance with the GDPR, the school does not store personal data indefinitely; data is only stored for as long as is necessary to complete the task for which it was originally collected and is destroyed in accordance with our retention schedule which is in line with the Information and Records Management Society's toolkit for schools.

## **Who we share this information with**
