

Monday 9th February 2026

Dear Parents/Carers,

Reception Walk to Park Hill Park

As part of our ongoing commitment to providing enriching learning experiences, we are excited to inform you that each Reception class will be going on a seasonal walk to Park Hill Park on Wednesday 25th February.

This outdoor activity will allow the children to explore the natural environment, observe seasonal changes, and engage in sensory learning in a safe and stimulating setting. It also supports our vision of fostering a love of learning and celebrating nature and our local environment.

Please ensure that your child comes to school **appropriately dressed for outdoor learning in their school uniform, with a coat that has a hood (weather permitting) and appropriate footwear for the walk.** Lunchtime will run in school as normal.

Children and school staff will depart from school and walk to Park Hill Park to investigate the physical features of our local environment before returning to school.

The findings and discoveries made during the walk will be used to inform our in-class learning in Science and Geography throughout the school year.

There is no cost for the seasonal walk. For your child to attend the seasonal walk, we require your consent.

Please use the Teachers2Parents form which has been sent to your email address to give consent for your child to attend the seasonal walk before Monday 23rd February.

If you have any queries, please speak to your child's class teacher.

Thank you for your continued support in enriching your child's learning journey.

Yours sincerely,

The Reception Team
